Fintech Domain: Cross-Border Payments | Payment Infrastructure | Embedded Finance | Global Payments | B2B Fintech | Emerging-Market Customers

PROFESSIONAL EXPERIENCE

Founder & Product Marketing Lead | iglare Optics / *Abuja, Nigeria* / *Jul 2023 - Present*

- Own product positioning, messaging, audience research, campaign strategy, customer education, acquisition, retention and commercial growth for a consumer eyewear brand.
- Generated 1M+ TikTok impressions through educational and product-led storytelling, increasing brand discovery and customer purchase intent.
- Built a 1,000+ member Instagram community and converted product enquiries through structured product education, DM sales journeys and follow-up campaigns.
- Improved customer retention by 35% through post-purchase communication, customer feedback loops, community engagement and repeat-purchase campaigns.
- Delivered 25% monthly revenue growth through customer insight-led offers, product storytelling, promotional campaigns and conversion-focused messaging.

Sales & Marketing Specialist - Fintech Infrastructure | Maplerad / *Remote, Nigeria* / *Aug 2025 - Mar 2026*

- Contributed to increasing monthly B2B revenue from $1,000 to $8,500 within three months - a 750% increase - through prospect acquisition, solution selling, deal conversion and client onboarding.
- Closed deals and onboarded new B2B clients by diagnosing payment needs, qualifying opportunities, presenting relevant infrastructure solutions and managing follow-up across the buying journey.
- Translated cross-border payments, embedded finance and global payment infrastructure into clear business outcomes for fintech founders and business decision-makers.
- Converted customer questions, objections and competitive feedback into sharper value propositions, sales narratives, FAQs and market-facing messaging.
- Built transferable product-marketing insight from direct customer conversations, including buying triggers, adoption barriers, priority use cases and language that resonated with target segments.

Lead Product Marketer - Contract | **Stakeet** / *Remote, Nigeria* / *Mar 2025 - Jul 2025*

- Grew the user base from 90 to 500 during a five-month contract - approximately 456% growth - by refining product messaging, strengthening acquisition campaigns and improving customer engagement.
- Developed audience-led messaging and content around product use cases, customer pain points and desired outcomes to improve awareness, adoption and product relevance.
- Improved retention efforts by identifying engagement gaps and introducing lifecycle touchpoints, re-engagement communication and customer-focused product education.
- Reworked the social media strategy around educational content, customer use cases and conversion-focused campaigns instead of awareness-only posting.
- Introduced AI-assisted workflows for market research, content ideation, campaign adaptation and performance analysis, accelerating execution and improving messaging consistency.

Digital Marketing & Social Media Specialist | **Arone Energy** / *Remote, Nigeria* / *Feb 2022 - Oct 2023*

- Planned and executed digital campaigns that generated qualified interest and supported the sales pipeline for renewable-energy solutions.
- Translated technical product information into educational, persuasive content that improved buyer understanding and supported sales conversations.
- Maintained lead flow through SEO-informed content, campaign execution, online enquiry management and audience engagement.
